

CAPE AGRICULTURE EXPORT week

marketed by WESGRO

Western Cape Exporter Catalogue
Cosmetics & essential oils

31 March 2021

A South Africa export promotion event

A pivot to the new normal

As the official tourism, trade and investment promotion agency for the Western Cape in South Africa, Wesgro has had to make a substantive pivot in the manner it operates given the COVID-19 pandemic. Navigating this new virtual business world, Wesgro's export promotion team has been working tirelessly to identify effective methods to continue to support Western Cape businesses in expanding their products internationally in a world with restrictions on movement, cancelled trade shows, and weakened consumer demand.

We are proud to bring you this Cape Agriculture Export Week event, which seeks to promote a selection of 80 champion companies in the cosmetics & essential oils, fresh produce, processed & fine foods, and wine industries. The entirety of this event will be happening within a virtual exhibition centre, with halls allocated to each of the aforementioned industries.

International buyers will be able to navigate each of the halls and approach the booth of each company to view products, chat with company representatives, and set up one-on-one B2B meetings. We are excited for your participation in this event and urge you to utilise this catalogue to learn more about the Western Cape exporters who will be presenting their products.

Thank you for your support and we hope you enjoy the event!

Sincerely,
Wesgro's Export Promotion Unit

Total Western Cape exports, 2016 – 2020

Source: Quantec, 2021

Agri industries' contribution to total Western Cape exports, 2020

Despite the pandemic, Western Cape exports grew by 7.3% in 2020. This was in large part to a massive 37% growth in fruit exports. Overall, fruit & vegetable, cosmetics & essential oils, and beverages exports accounted for 42% of the Western Capes total export basket in 2020.*

Source: Quantec, 2021

* Fruit & vegetables exports calculated as the sum of HST07 and HST08, cosmetics & essential oils (HST33), beverages (HST22).
